

## Firearms Requirements For Australia Nov 2009

Competitors will need an International Visitors Firearms Permit (form on FITASC website)

To get guns in and out you will need to fill in the form on the FITASC website and email to Ray McFarlane all the required details.

Ray will then be the importer and exporter of all firearms; saving a lot of time at airport.

Ray will be providing Australian Customs with a spreadsheet containing all details of firearms.

Semi-Auto's are a banned import into Australia, Ray has submitted an application to the Attorney Generals Department to get this changed, he is waiting for a reply, and it requires an act of parliament to reverse this exclusion.

Ray McFarlane's e address: [mraymcf@pipeline.com.au](mailto:mraymcf@pipeline.com.au)

**Hugh Smith.**  
**Chairman BICTSF (FITASC Sporting)**
